## DIGITAL YOUTH

### YOUTH WORK CHANGES LIVES

Digital Youth aims to empower and support youth workers to develop their digital skills and knowledge, in order for them to be able to effectively engage in digital youth work. By improving the digital competencies of youth workers Digital Youth will elevate the appreciation and role of youth work in the participating countries.

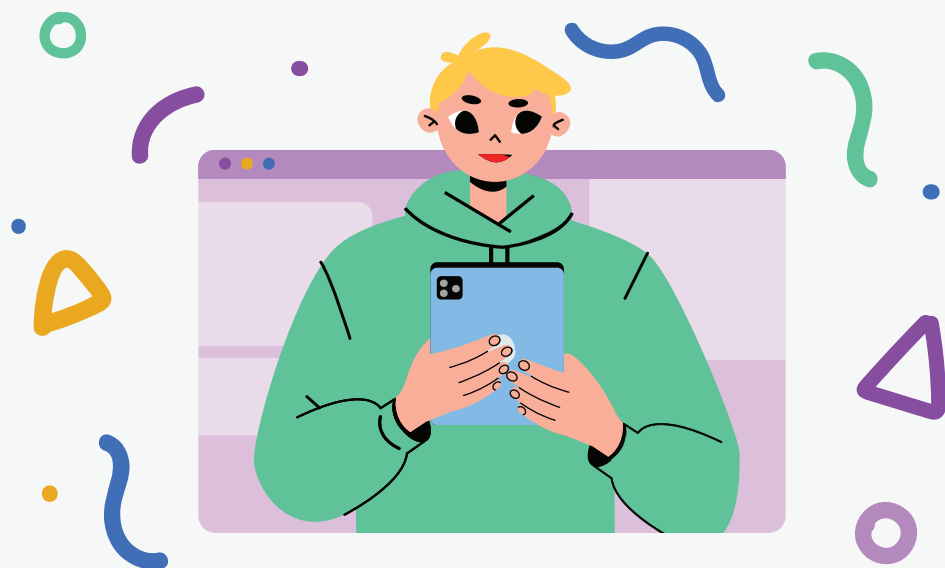

### WHO DOES DIGITAL YOUTH BENEFIT?

- Youth Workers
- Youth Professionals
- Trainers
- Volunteers
- Young People

### CHALLENGE

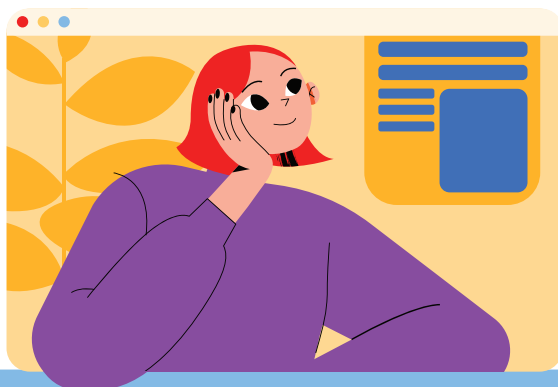

Young Europeans spend an increasing amount of their time-consuming digital media and use daily devices such as mobile phones, tablets and computers. On the other hand, many youth workers do not yet wholly understand what digital media includes besides social media and as a result a lot of youth work practitioners lack the digital skills to fully benefit from and utilize the opportunities created by digital technologies. Consequently, youth workers lack the competencies needed to design and deliver digitally-oriented interactive and engaging actions and services that will best meet the needs of youth.

## OBJECTIVES

Digital Youth aims to pursue the following objectives:

- Promote the importance of Digital Youth Work in the partner countries and Europe
- Build the competencies of youth workers to use digital tools in youth work
- Develop quality resources for digital youth work
- Improve the overall quality of youth work conducted in the participating countries

## RESOURCES

### Digital Youth Training Package

An attractive package to support and educate youth workers to advance their digital competences and consequently further Digital Youth Work.

### eLearning Platform and Digital Learning Resources

A one-stop-shop providing instant access to the full suite of digital learning resources developed in this project, such as online modules, guidebooks, and the OERs.

### Policy and Practice Recommendation, Case Studies and Good practices

Utilizing a Youth Participatory Evaluation method, which will also involve the active involvement of the Digital Youth Committee, the Consortium will compile a comprehensive report to document policy recommendations and a series of case studies and good practices for the digital transformation of youth work.
